*Purpose of report (Clinical Care, Research and Administration)

Clinical Care – (e.g. Performance Improvement)

Research:

Requests Preparatory to Research (Release of personal identifiers will not include telephone numbers. Does not require IRB approval.)

Please check the box next to each statement to confirm you agree to the following:

The PHI will not be removed from RBHS property.

The PHI for which use or access is requested is necessary for the research.

Research - A report providing a list of patient identifiers requires IRB approval which must be Attached to the request. IRB Study Title:

IRB protocol number

Practice Operations

Source of Data: GE Centricity EMR IDX

Reports should be requested from IDX only if financial information is required (e.g. CPT codes, charges or insurance data). Reports requesting diagnoses should be requested from the EMR.

***All report requests for research studies must be submitted to Donna Hoagland hoagladj@ca.rutgers.edu. The IRB will forward the report request back to the EMR team once the request has been checked for consistency with the IRB protocol. ***

What goals are to be achieved? E.g. looking for a list of patients for a trial of a new drug for asthma.

Pertinent OBS Terms: must include population from which patients will be drawn (e.g. whether group-wide or from a specific practice or practices), age range, gender restriction and any restrictions on when the patient was seen.
